THE SPIRIT OF

DOUBLEBLUE

ST. MICHAEL'S COLLEGE SCHOOL
THE TOWER

*Be good to me your servant,
 that I may live and obey your
 teachings.
 Open my eyes, so that I may see the
 wonderful truths in your law....
 Your instructions give me pleasure;
 they are my advisers!
 Enable me to speak the truth at all
 times, because my hope is in your
 judgements.
 I will always obey your law, forever
 and ever.
 I will live in perfect freedom because
 I try to obey your teachings. I will
 announce your commands to kings
 and I will not be ashamed. I find
 pleasure in obeying your
 commandments, because I love them.
 I will meditate on your
 instructions....
 Lord, the earth is full of your
 constant love; teach me your
 commandments.
 Your righteousness will last forever,
 and your law is always true.
 I am filled with trouble and anxiety,
 but your commandments
 bring me joy.
 Your instructions are always just;
 give me understanding,
 and I shall live.*

Psalm 119

HAPPINESS

The reality of the world can often be overwhelming, especially for those just starting off. Every day we cannot escape from hearing about the destruction of our environment, the rise in crime, unemployment, disease, and death, the sin and immorality of our society. We become drowned in pessimistic thoughts. Where do I stand in all of this? Is there any hope for my future? It is not uncommon too for students to ask, "What is the purpose of the work I am doing? Will it have any bearing on my life? Is all my work in vain?"

These thoughts are not far from the cries of the Philosopher in Ecclesiastes. He contemplated and reflected on the purposes and meaning of life as well. He too saw the hypocrisy, hardships, frustrations, bleakness, and injustices that life holds and concluded that life was useless.

"Life is useless. You spend your life working, labouring, and what do you have to show for it? Generations come and generations go, but the world just stays the same."

Amidst all this pessimism and doubt, we all try, or rather have the need, to find and discover meaning in our lives. It is what society terms as the pursuit of happiness.

Upon hearing the word happiness, some may immediately associate images of wealth, knowledge, friends, sex, and entertainment. The Philosopher in Ecclesiastes, like many do today, focused on these different areas in hope that in one of them, he would find the happiness we longed for. One may guess that ultimate fulfilment may come from wisdom and knowledge since the intellect is involved. However from his experiences, the Philosopher discovered otherwise.

"I was determined to learn the difference between knowledge and foolishness, wisdom and madness. But I found out that I might as well be chasing the wind. The wiser you are, the more worries you have; the more you know, the more it hurts...so what have I gained from being so wise? Nothing, I answered, not a thing. No one remembers wise men and no one remembers fools. In days to come, we will all be forgotten. We must all die - wise and foolish alike."

Next he turned to entertainment and wealth.

"I decided to enjoy myself and find out what happiness is. But I found that this is useless too. I discovered that laughter is foolish and pleasure does you no good."

IN THE LAW OF THE LORD

Similarly he concluded,

"If you love money, you will never be satisfied; if you long to be rich, you will never get all that you want. It is useless."

Granted, the Philosopher may have not given us a completely accurate portrayal of these aspects of life, however his point remains. All of the aforementioned are limited. Not only are they limited in the period of time for which they provide happiness, but neither of them satisfy the entire scope of the human being. Entertainment can satisfy one only physically, knowledge can satisfy only the intellect. If one is to ever find true fulfilment and happiness which will permeate throughout one's entire life, it must rise above these two limitations.

This is where Christ fits in. It is through the grace of Christ that we acquire the sacredness granted to our lives. As the psalmist says,

"The law that you gave means more to me than all the money in the world...Your commandments are my eternal possession; they are my heart."

Only when one rises above the physical reality of the world to see the eternal spiritual reality can one discover his or her purpose and goal in this life. For the non-believer life will be troublesome and confusing for his trust lies in the material objects of the world, objects which he or she knows in the end have no eternal significance. What hope, what meaning can exist for such individuals? This might explain why our present-day society is so fearful of death. Death is the ultimate separation from the material world and if one's life and hope are centred exclusively on this reality, it would be understandable why one might be very disturbed. For the religious though, hope and meaning are granted to their lives through the promise Christ's eternal kingdom. The religious are not bound in the abyss of futility of this world, but as the psalmist writes will live in "perfect freedom" and "perfect security" anchored in Christ. Not even death may overcome the Christian for through death the Christian is proven victorious as it is a final step towards his or hers eternal fulfilment. The Philosopher in Ecclesiastes comes to a similar conclusion:

"We leave this world just as we entered it - with nothing. In spite of all the work there is nothing we can take with us. It isn't right! We go just as we came. We labour trying

to catch the wind, and what do we get? We get to live our break; the rope at the well and the water jar will be lives in darkness and grief, worried, angry, and sick. ...Now remember your Creator while you are still young, before those dismal days and years come when you will say, 'I don't enjoy life'...We are going to our final resting place and then there will be mourning in the streets. The silver chain will snap, and the golden lamp will fall and shattered. Our bodies will return to the dust of the earth and the breath of life will go back to God who gave it to us Useless, useless, said the Philosopher. It is all useless."

Christ truly fulfilled these words when he said, "I AM THE WAY, THE TRUTH, AND THE LIFE".

Perhaps what is most amazing about Ecclesiastes is that even though it was written thousands of years ago, its teachings are just as pertinent now as they were then; we continue to struggle with the very same questions of the Philosopher. We, in the twentieth century, are not alone in our journey to discover truth. All humans of all time periods have participated in this universal struggle. Despite Ecclesiastes' pessimism, one may take comfort in seeing themselves in the mirror of Ecclesiastes and discover that the same Bible which reflects these negative thoughts which are very real, also offers hope in God that gives life its greater meaning. Our search for fulfilment is perhaps the most difficult duty we have in life. Although we may stumble and fall during our journey, we must get up and continue with the same desire to find God in our lives.

"After all this, there is only one thing to say: Have reverence for God, and obey His commandments, because this is all that man was created for. God is going to judge everything that we do, whether good or bad, even things done in secret."

DOCE ME BONITATEM

COLLEGE SCHOOL

AWARDS NIGHT

On Thursday September 30, 1993, St. Michael's College School held its annual academic awards night. This award ceremony is to acknowledge the students who achieved an eighty per cent average or higher during the preceding school year. This ceremony has been a proud tradition since the establishment of St. Michael's College School in 1853.

The students recognized on this occasion should be heartily congratulated. A lot of these students, besides maintaining academic excellence, participate in many extra-curricular activities or sports. St. Michael's has many successful and renowned teams and clubs to which these students belong. Maintaining a good grade and also participating in school activities is a difficult task, but this leads to the well-rounded student.

Among those receiving plaques on this night, were students who received scholarships in recognition of their outstanding efforts reflected in their marks. These

students were those with the top three marks in their grade level for the school year of 1992-1993. The scholarships are \$500 for the person with the highest average, \$400 for the second highest average and \$300 for the third highest.

The students with the highest grade average in their grade, receiving a \$500 scholarship were: Nicholas Vozoris for Grade 12, David Veneziano for Grade 11, James Ko for Grade 10 and Patrick Tanzola for Grade 9. The students with the second highest averages, receiving a \$400 scholarship were: Michael Lee-Poy for Grade 12, Christopher Tanzola for Grade 11, Salvatore Forcucci for Grade 10 and Robert Stepinski for Grade 9. Finally, those with the third highest averages receiving a \$300 scholarship were: Norman Freeman for Grade 12, Anthony Marchie in Grade 11, Patrick Simon in Grade 10 and Claudio Aragon for Grade 9.

Overall, the academic awards night was a night to remember, especially for the proud parents and fellow peers who attended. The audience was also treated with the organ playing of Fr. Zinger and the sounds of the St. Michael's Stage Band (moderated by Mr. Oatt). The students also listened to the words of advice from the guest speaker Fr. James Carruthers, C.S.B. who acknowledged the tremendous efforts of all the students. After the ceremonies, refreshments and desserts were graciously provided by the Parent's Guild.

To all of the students who received scholarships, the St. Michael's staff and community soundly congratulate their efforts. St. Michael's College School also applaud all of the students who succeeded in making the Honour Society of 1993.

To all of the students of St. Michael's College School, the St. Michael's community wishes them the best in this upcoming academic year.

ET DISCIPLINAM ET SCIENTIAM

FROM THE PRINCIPAL'S DESK

FATHER THOMAS MOHAN C.S.B.

A TEACHER'S PRAYER

St. Michael's is a community
Of Students, Teachers, Parents
And Administrators;
We are gathered together
In the name of Jesus the Christ.

We are people who love children.

Children are gifts;
They are examples of God's love
Of humanity.

We wish to transmit to our students
The knowledge, the wisdom,
The love of the true
Which we have learned in our study,
In our living.

We wish to equip our students
With the very best
In knowledge, attitude and action.

We believe and have confidence
in the truths
Which have guided this school
since 1852.

We want to be true
To their great teachers
Who have given their lives to truth,
To St. Michael's.

We want to pass on the traditions,
The teachings
Which the Church holds for all
humanity;
God is all Father of all life;
He created all life in goodness.

When we misuse life,
We leave out goodness.

Children were created
In and for goodness.

The nature of goodness is
That it must communicate;
Goodness must seek union
With another.

Ancient philosophers said that:
Goodness was diffusive of itself.
It just had to diffuse;
To go out to another.
The goodness of our
Our academic tradition is like that,
It longs to tell and to teach.

We wish to teach the young to know,
To recognize and to choose goodness.

Jesus taught us
Not to fear the Father-
He is our Abba-
He has a personal,

A kind relationship with each of us.
We want our students
To know and to treasure that truth.
We want our students
To be confident in the personal love
Which the Father has
For each of them.

We wish to teach the students
To know other people
As their brother and sister.
Armed with that knowledge,
They can bring a peace to the world
Which the world cannot give.

We wish the education of our students
To go beyond fact;
We want them to relate
Science, Mathematics, Literature and
Art to the truth
That God is their Father;
Other humans are their brothers and
sisters.

Our students make
A difference in society.
Because of their goodness
The world discovers
The goodness of neighbour,
The goodness of God.

Lord, teach us to be humble
In the face of our students.

GRADS

How can a young man keep his
life pure?

By obeying your commands.
With all my heart I try to serve
you;

keep me from disobeying your
commandments.

I keep your law in my heart,
so that I will not sin against you.

I praise you O Lord;
teach me your ways.

Thank you St. Michael's for all you
have given me. Fond farewells to the

CHRISTOPHER ADAMS

*"There are so many different

So many different suns, and we all

Thanks for all the memories. It's been

*"Yea though I walk through the

-Psalm 23

Special thanks to all my teachers and
fellow students for their meaningful
words like "co-operate and graduate"
and to Fr. Zinger for the water pistol
and steel rimmed glasses from latin
class. Live long and prosper, and may
the force be with you.

DILIP ANDRADE

Five years ago I entered here
in awe of a rich tradition. Today as we
prepare to leave I know that we have
made the tradition richer, and legacy
longer.

In the end, all I take is a diploma
and memories of acid spills, troy
ounces, three years of Nards, and
perhaps most importantly debating. I
will never be able to forget McGill,
Ottawa, New York, the Mets and of
course 17-1. To my teachers and
friends, keep your schedule's clean,
your embassies await.

MARCO ANTICO

Also known as Tico, Primo,
Mario, Lance, Cheddar boy, hawkeye,
and oaf. Experiences with the boys of
SMC will not be forgotten. Standouts
include Hockey pools, Super Bowls,
lunchtime, soccer, C & C, Paradise '93
and the green lolly-pop gang. Thanks
to all who've contributed, word to big
bird

SALVATORE BARBARA

We all leave St. Mike's with the
same hopes as we came with. What
we don't realize is that no one will
remember us and all these hopes we
have of becoming something are all for
naught. All of us leave with dreams of
becoming doctors or lawyers, but I
know that none of us will. There are the
few exceptions but I guarantee that
most of us will amount to nothing

CHRISTIAN BAU

The final whistle has blown,
we're headed to the final round, but
what a series it's been. The memories
were fast and furious. Thanks goes
out to all the people who made it all
worthwhile. Special thanks to the
soccer boys and the lunch bunch; it's
been a blast.

*"All my friends patronize me and
They say 'Hey boy! Have you found
What you're looking for?"*

It seems they don't really know me."

COLUM BEGLEY

I would like to thank everyone
who helped to make my time at SMC a
memorable one. Thanks to my family
for putting up with me in some of my
more unsavoury phases of adolescent
growth. Thank you St. Mikes.

ROBERT BELISSIMO

I would like to sincerely thank all teachers and other staff members for molding me into a disciplined, knowledgeable, and good student. I vaguely remember visiting Quebec, Mexico & Wasaga beach. I will always remember Grade 11 English with Fr. Enright, Grade 12 English with Mr. Nicholson, and Grade 12 math with Fr. Holmes.

YAREMA BEZCHLIBNYK

Ah... SMC..."This is the end " Jim put it rather eloquently, but the end of what? Perhaps a weekend or two Was I ever there? I can't recall, but whatever, Pink Floyd put it well from behind "The Wall" - we don't need it To Dan, and to the Group (York), don't drown. And Pete, "That which does not kill us only makes us stronger " - call me for the next Nuremburg "I tell you this, I'm gonna get my kicks before the whole house goes up in flames."

STEVEN BRED A

"Look's like you need a shave there Breda." Ah, these are the fond memories that rush into my head. I must say that it was hard to make the difficult transition from disposables to my handy Gillette Sensor, but not as hard as it is to realize that now it's all over. I will miss getting notes for my shoes, food fights and playing in the "Raider Dome". Peace to the Blue Raiders, the TABLE, and Nigrini.

JOHN BRENT

"Listened to by the walls, we share the same spaces, repeated in the corridors, performing the same movements, the nature of your tragedy is chained around your neck, do you lead or are you led, are you sure that you don't care, there are reasons here to give your life, and follow in your way. The passion lives to keep your faith, though all are different all are great, climbing as we fall, we dare to hold on to our fate "

- INXS

DANIEL CAMPO

However far too many to list, I would like to thank St. Michael's and the guys for all the good times and memories. I would like to say LATER to all the guys

"Vatos Locos forever man!"

VINCENZO CAMPUTARO

DAVID CAMPOBIANCO

Some things that will stick out in my mind from my St. Mike's experience are: May 2-4, weekends at Wasaga; making movies for Fr. Enright's Grade 11 English class; Senior Hockey tournaments; Puerto Vallarta trip; late night study "sessions" with Rob and Fred at Gee-Pee's; the fish stench from locker #73; and the flaming Canoonas.

Thanks for the memories St. Mikes.

FREDDY CAMPOBIANCO

My five truly enlightening years at St. Michael's College School have developed me into a well mannered and well groomed young man. I would like to thank all the inspiring and encouraging staff who have instilled in me "Bonitatem et Disciplinam et Scientiam." Things that will always remain in my ever shrinking memory: burning down the slopes of Quebec; the trip in Wasaga; grande final and gomma at Gee Pee's; and one slightly used 911 turbo. *"Two roads diverge in a wood,
And I took the one less travelled by,
And that has made all the difference"*
- Robert Frost

Not many people choose to take the road to St. Mike's, but I think I made the right choice. I take four football championships, a year on student council and a lot of great memories with me. I'd like to thank all my friends, coaches, teachers and especially family for helping me to get through it all. THANKS!!

GEOFFREY CARLI

And so my illustrious five year SMC career of giving teachers a hard time and second-guessing their career choice comes to an end. The past five years flew by and it seems like only yesterday I saw the yellow bricks for the first time. I would like to thank St. Mike's for teaching me what I need to know and preparing me for university as well as introducing me to stress. Thanks for the memories and not giving me the boot. See ya!

PAUL CARRINGTON

What'zup to the nine-tres. Also have to mention the Edmonton trip. What's up to Ex Lax, the KKK, and Jeff Zownir, the premier honey-hunter. I'm out!
And Oh yeah, Bob, ya got to keep your head up!

JEFFERY CARTER

"Uppermost in our minds is our destination. On a certain day, at a certain hour we will pull into the station. Sooner or later we must realize there is no station, no place to arrive at once and for all. The true joy of life is the trip itself, so live life as you go along"

- R.J. Hastings

I would like to thank Mr. McCann, Greg, my family, and especially the boys from whom I gained many memories.

ROBERT CARULLO

Can someone buy Mr. Vitullo a photocopier? Urban geo's not a OAC. If you never had Fr. Enright, you didn't go to SMC. Nards=Marks. San Fran (hand gesture), Brantford and the cruise were great. Thanks, Basilians and Concert Band family (incl.Chua).

CHRISTOPHER DAS

The time has come and the end is near.
When we pass through the gates we have nothing to fear
It will be strange to go away,
But nobody here wants to stay

Some friends we lose and some friends we gain.
The rest of them will remain the same,
I hope our future will not fall,
Farewell to some and goodbye to all

CARLO DE GIROLAMO

When discussing St. Mike's where does one begin? The teachers here can never be forgotten, especially Fr. Enright's advanced teaching methods, being a cichoria picker in Mr. Nicholson's class, or uncovering the truth about the school with Nards. Five years have brought many memories, Italian plays (Carla), two wrestling Gold medals, interesting chats with fans across the ice during hockey games, and of course Metrobowl 93. To all my friends, especially Adam, you couldn't have made it any better.

FRANCO DE LUCA

All good things must come to an end, but the memories will last a lifetime. I will always remember my five years at St. Mike's and what they have meant to me: yellow bricks, ski days, California 92, broken window. The Breakfast Club, catching the Galletti express before the break of dawn, night before projects, spares, Florida and Bahamas Cruise 94

DANIEL DE MARIA

My memories of SMC include: "Can I have some more err!", 11B, 13C, Luciano on the lookout, 5th spare in the A/V room.

All the faces of the people who have torn a piece from me as I grew
From a seed to a tree."

- Blind Melon

I'll always remember Holden Caulfield, the Almighty Derivative and Puerto Vallarta with the bitter Guedes Machines. Thanks SMC for all the memories.

MICHAEL DEPELLEGRIN

It's been the best! Throughout my career at SMC, I've gained a focus for the rest of my life and acquired a great sense of pride in the best school ever. I'll never forget Fr. Enright's class, Queen's Homecoming 93, Mexico grad. trip, football finals, SALMING, the "White Car" and of course Double Blue Hockey. I am forever grateful for the opportunity to wear the "M". GO DOUBLE BLUE!

CARLO DI NARDO

Gotta like: Puerto Vallarta, McQuaid 93, Queen's Homecoming, Fr. Enright, turtles and jitterbugs and Mr. Narducci.

So that's why you've got to try
You got to breath and have some fun
Though I'm not paid I play this game
And I won't stop until I'm done
But what I really want to know is
Are you gonna go my way?

- Lenny Kravitz

CHRISTOPHER DIAS

Remember when we came to St. Mike's and we ate out of Fr. Enright's spoon and Graham hit that home run off me that is taking him to the majors and we got goin' and did a problem with Coghlan and I took Kriss Kross deep and then I won the TD's and that hammer was my hand and then we were all Puerto Vallarta while Nards took care of us and Walter Guedes shaped us and then we graduated yeah, that was awesome! "A perfect circle of acquaintances and friends." - Michael Stipe (R.E.M.)

JOHN DIRENZO

My five years here at St. Mike's will live with me forever and it's been great to be a part of the well-known tradition. Some of my memories include Double Blue Hockey, Buzzers, Montreal tourney, ball hockey, the rookie party, Buzzar road trips and I can't forget the boys. We're outta here!!

DANIEL DONELAN

My year in Canada and St. Mike's has definitely been a great one. I'll never forget Mr. McKernan, and his English classes. I won't forget all the teachers and students who made me feel at home. Canadians are very warm and friendly people.

PATRICK DOUGLAS

"There are the stars - doing there old, old criss-cross in the skies. Scholars (Mr. Tessaro) seem to think there are no living beings up there. Only this one is straining away to make something of itself."

- T. Wilder

Here's to SMC, to the choir and plays and to Fr. Holmes for making math easy. Here's to every Geo course and Religion seminar. To all the senior officers (you know who you are.) CHEERS!

GARRY DOYLE

A lot of things have happened in five years at St. Mike's. Some of the ones that stand out are: all the plays, especially Cabaret, when the stage broke; spending spares in the office, playing volleyball, cleaning, and seeking cover when the lights went off; ultimate frisbee in the summer; catching rides to the subway in the Mazda 626, making a lot of good friends. So long St. Mike's!

ROBERT FANTILLI

"It takes a big man to cry, but it takes a bigger man to laugh at that man."

- Jack Handy

Thanks St. Mike's for the great memories. I will always remember Mr. Narducci proving the magic bullet theory by using the first derivative of $y = \text{JFK}$ in Oswald, Mr. McKernan's "I hear you man!" and "Get the lead out buddy!" What still remains unknown to me is who is Bill Fink? Special thanks to Mr. P and The Firm - Whoa trumpets!!! and all the guys down by the river.

VINCENT FAVA

Well, I got the lead out and "Got Goin'" Bahamas was great with the boys! SPH-OA9 with Pep, Den and Mr. C. When in doubt, take the derivative! FESTA '94, Metrobowl '93, Power 21-20, '92. Thanks to 16, the Woodbridge boys, Den and Fern. If I have nothing else when I leave, I will always have the memories.

STEPHEN FLYNN

What I will remember the most about St. Mike's is "Hockey". The sight of the winged "M" when you look up from the ice. The Boys I played with, the fans and the Baby Blue, Double Blue, and Buzzer cheers that were roared from the crowd. It's surprising that a piece of wood, some metal and ice could mean so much.

DANIEL FOX

Take a look at my picture. This is what five years at St. Mike's will do to you. Ah, the memories. The plays of course (exploding lights, rockin' scaffolding, spitting actors) Oh! Oh! More blonde jokes, please. The lovely caf food, the crew office "Conversations" and all the rest. And now for my final words of wisdom to the young ones: a driver's license is indeed the true measure of a man.

NORMAN FREEMAN

"We still do not know one thousandth of one percent of what nature has revealed to us."

-Albert Einstein

The past five years have been filled with many memories. Especially prominent are: Tony's nitric acid incident, Mr. McKernan's O.A.C. English classes, The Red Pony, the kindness of Mrs. Morra, Gr. 10 Science with Mr. Dudzinski, and countless Letterman / Larry "Bud" moments. Remember, life is what you make of it. To the S.M.C. community, thank you.

PAOLO FRESCURA

"Good friends we have or good friends we've along the way. In this great future which is life, you can't forget your past."

- Bob Marley

To the team: Thanks for all the victories and the support. Win it all next year.

TOMAS FREYMAN

I'd like to leave St. Mike's with some thought provoking ideas. "It can't be done!" is the lament of those who dare no risks, accept no challenge. "I can!" is the motto of those who have hope, who are fully alive. -Anon.

There is only one success, to be able to spend life in our own way, Christopher Morley. Be free, wild with dignity and independent and your very flesh shall be a great poem.

-Walt Whitman

SEAN GALBRAITH

"What else should I be? All apologies. What else could I write? I don't have the right. In the sun, I feel as one. I wish I was like you. Easily amused. Found my nest of salt. Everything's my fault. I'll take all the blame. Aqua seafoam shame. Sunburn with freezerburn. Choking on the ashes of her enemies. All and all is all we all are." "You will never know what my intentions are."

- Kurt Cobain, 1967-1994

Oh, well, whatever, never mind.

DANIEL GALLETTI

We are young and invincible. We thought, "5 years, no problem!!", until we encountered physics, OAC's, and I.S.U.'s. Mauti, help us, we need you! What were we doing here? No girls, no sleep, and teachers who live for torture. Like a scene from Apocalypse Now, we are bereft of life, with only the strength to utter, "The Horror, The Horror..." - the end.

JOHN GENIOLE

Way to go grads! We've survived it all. For some, the bad times may have outweighed the good, but for most of us, that's not true. Thanks for the great memories St. Mike's: hockey, Rock Nites, Double Deckers, wallball, handball and soccer at lunch, and Geospace with Mr. Chittle. I'll never forget these and also the friends I've made, Carli, Moga, Flavio, Phil, Virgil, and Shane. So as Don Cherry has said many times, "LET'S GO!"

PHILIP GERRETSEN

There are too many memories to remember, yet I will never forget the "Boys" and our little "field trips" away from SMC. In no specific order, the boys are Virgil, Resendes, Rebello, Sammy, Ortiz. Supporting cast members include Paul C., Flavio Volpe, and all other "Fire Marshall" wannabees. I will miss the shop, studying hard, and especially SMC Baseball with John Cardella at the helm. I worked hard not to be forgotten, so don't forget me. I am "Side Show"!

ADRIANO GIORDANO

SALVATORE GIULIANO

Five years have passed and it's been a blast. There have been many memorable moments like four years of Kerry Blues Football, Puerto Vallarta '94, Political Science, 2nd period spare, and Fr. McKinnon's Gr. 12 morality class. It's now time to move on and I wish all my fellow Class of '94 graduates the best of luck in their future endeavours.

MARK GONSALVES

Wow! Has it really been five years at SMC already. I'll never forget all the friends made here at St Michael's. I'll never forget the colloquials, the jokes, the laughs, and the cards at lunch. Truthfully, you enter St. Michael's as a boy and leave not as any man - but a St. Michael's man.

"He alone can stand apart imaginatively and, regarding himself and the universe in their eternal aspects, pronounce a judgement. The significance of man is that he is insignificant and is aware of it..."

-Carl Becker

IAIN GREEN

I remember: SMC Hockey, Baseball, summers in the city, and all the great friends I have met over the past five years. Always remember, everyone you meet is afraid of something, loves something, and has lost something

SEAN HANNON

You see so many strange and wonderful things that have to rub off on you somehow. It's like those times... when everything in your life seems to be leading you towards some unknown, yet strangely familiar conclusion and it's not until you reach the end, if you reach the end, that you realize that coincidence has been conspiring to guide you into this particular window of the eternal now...! The walls are lined all yellow, gray, and sinister. It's been great. Thanks St. Mike's.

PETER HARASTI

ANDREW HILL

Five years walking these yellow halls in a daze, Skydome for football. I'm still amazed; Sr. 'B' poor bugger, well what can I say, maybe they'll be champs in this school one day; Here's to the ship and it's entire crew, Without the pinball there would be nothing to do; Here's to homework. I think not, It's off to university, Thanks a lot!

Thanks to Steve, Harastaman and the rest of the boys. I will always remember you St. Michael's.

JASON HO

As I look back at my years at St. Michael's, I will always remember never seeing the sun when I left for school. One thing that St. Michael's has taught me is that the hardest decision I will ever make is whether or not to get out of bed in the morning. Thanks for the memories.

DENNIS INFANTI

I will always remember Metrobowl 93, 2 T.D.C.A.A. Football Championships, Senior Soccer, the 'Underground' soccer games, studying for OAC physics, spares and most of all the boys.

Thanks to everyone.

- Janis Joplin

Thanks for making that 'one day' memorable. When my kids ask me about Mr. Quinn's jokes, becoming "travel agents" in California and the Bahamas, recycled French skits, and the Stage Crew office boys, I'll always remind them, "I entered SMC a confused young boy... yet left a confused young man."

MARK IP

KERRY JACKSON

ALEXANDER KASMARA

Memories? I've got plenty. Dances, Quebec '92, Brigadoon, spares, rock nites, etc. Thanks to the friends who saved me from the gates of "Hell". PAVO KKKI

KEVIN KERR

These five years were most a blur, but the memories that stand out most include: piling into Dan's car, the campaign from Hell, the "Battle Royal" in the basement, the semi-blue cruise with the Princess and the bus, listening to Larry's exploits, 1st spare in the weight room, calculus class with F. Holmes (poor Colum), Metro Bowl '92 at the dome, the "Office" during spars and the "Freak".

Thanks to all who made it possible.

LESLIE LEONIAK

Special memories: Fr. Sheehan's driving, Pete's "occult" presidential campaign, Fiddler on the Roof, Little Shop of Horrors, Stage Crew and much, much more.
These five years have come and gone, And so has my sanity. Thanks to my friends and accomplices, There still is a reality. The time has come to move along, We've reached the final point. I'd like to wish Good Luck to all, It's time to blow this joint!

SERGIO LIA

All I gotta say is "Orest to the front of the bus please!", "That drummer was wick!", "Chi cagnu!", 11B, the '92 '93 football season (T.D.C.A.A. Champions) and these frequent trips o Brampton. To all the graduates, (eep doin' that action and when in doubt, just pummel.

It's been a long time coming but jail break '94 is finally here. I'll always remember early morning physics lab sessions and the laughs in Thrust's class. We think therefore we are. I'll remember the Rock Nights that proclaimed our youthful anthem. We loved it loud, we rocked therefore we are. Thanks to all the boys, you know who you are, for the late nights and the painful mornings. Hopefully in the future John is doing what you wish you were.

JOHN PAUL LOPEZ

Five years of hell. Don't do anything just for the credit, do it just for yourself. To enter heaven travel through hell with a pep in your step and a smile all the while.

VIRGIL MASCARENHAS

My time at St. Mike's has been a cloudy experience. I will always remember the many "power failures" and the dome. What will last with me are the friends and memories. Some of these memories are: Club 181, Augusta Ave., "Side Show", Nard's OAC JFK seminar, Physics '93, Muskoka's long trip home, table talk, Maut's promise of ever-flowing pop, and Elvis & Gina's house. So long St. Mike's.

IAN MCGONIGAL

Three years at SMC has been an exceptional experience. I can't give enough thanks to the great people who supported me while I was here away from home. "The Brown's", "Bud-and-June", all the teachers, The Basilians, my parents, and of course "the boyz". Thanks also to the Buzzers for three great years of hockey in which I learned so much. "M" will always be with me.

Kudos to the Seinfeld wannabees period 1 spare, Senior 'B' Hockey, Fr. Enright's and Mr. McKernan's English classes, and all other fountains of knowledge. And to all you knobs out there - "That's a show"

JOSE MENDOZA

"Yesterday, there were so many things I was never told. Now that I'm starting to learn, I feel I'm growing old. 'Cause yesterday's got nothin' for me, old pictures that I'll always see. Time just fades the pages in my book of memories." -Guns N' Roses
These past five years will always be remembered, especially Quebec, San Francisco, the Bahamas, and the Stage Band. But, there's a new road to travel and I won't stop walking until I hit success. Thank's St. Mike's.

GAVIN MIRANDA

To all who have changed my life for the better, I say thank-you. Looking back I see the friendships which helped me make it through. These same friends who would not load it even though they knew I was not the partner. Thank-you to all my teachers especially Mr. McKernan and Mr. Paolini. Always be true to yourself and live each moment as though it were your last.
Thanks for the memories St. Mike's.

DAVID MOGA

How to describe 5 years in eighty words? 5 years condensed to one paragraph leaves room for only the highlights. Carli, Campeau, Geniele, Krachik, Manni, & Johnson. We shared the time but now it's done. Phil the Fireman, Flavio the Don, you guys are jokes. You made the dull days better and the good days better still. To the shop posse you'll always be number 1. Thanks for free meals and thank God for singles. To SMC, thanks for the experiences. Later!

MATTHEW MOREAU

*"There's a dream he dreams where the high school is dead and stark,

Wait and see what tomorrow brings"*

Sunday 'Buzzer' nights - Go Buzzers!
Muskoka trips '91 - '94
'94 TDCAA Swimming Championships

RYAN ORTIZ

KARL PALCZYNSKI

Well, it's finally over. The sleepless nights, the rolling-eye vice in Mr. McKernan's class, the "polygon-number-of-sides" question, the 20-6 loss at Skydome and the endless list of other experiences have come to an end. However, what really matters is what happened in us, not to us. I'll always be indebted to the teachers, coaches, and friends who have helped and supported me up the arduous ladder of my highschool years. Ave atque vale St. Michael's.

The present is but the product
of the past, and so all the credit and
little of the blame rests entirely upon
my teachers and classmates. I thank
you all. Five years, maturing me...I
can't imagine what you all must have
done to merit such a cruel and unusual
punishment. It's inevitable, that my
classmates will one day make me green
with envy, but as I write, my blood runs
blue, and true. To future success
boys!! I'll race you there despite the
noblest efforts, I've retained my ego.

PETER RACCO

*"Who is this mysterious masked

Yes, it's Stupendous man, champion
of liberty, defender of free will! Friend
of freedom, opponent of oppression.
Also known as Spaceman Spiff

gnawing my heart away hungrily I'll

Concert Band, grapes in between the

luck! Double Blue till I'm through!!

CARL RILEY

Many of us believe in crossing each bridge as we get there, without planning for it first (maybe all of us?). I would like to thank the St. Michael's community for supplying me with the tools, to first build these bridges, which will in turn give me the means to cross them with success (hopefully?).

Peace out! -- Riley '89-'94 -- Cha!

MICHAEL RODRIGUEZ

What can I say, it's been great. Five years have come and gone, and now it's time to move on. But I'll always hold dear to me the memories of my five years here at St. Michael's.

Thanks for the memories!

MICHAEL ROMBEIRO

I'll try not to be "ALL BITTER", but I'm not making any promises. Words to live by: jitterbugging with warm back can be dangerous; can I have some more err?; beware of the big stink; cold pizza will make you all bloop bloop; just a little affection; the body rejects poison. Thank you to the Basilian Fathers and certain teachers for the great gift of the Truth. And to all annoying pubes, "Sleep tight, ya morons!"

My high school years have definitely been my most memorable years. I won't forget Metrobowl, the Evolution, and the shop. I also want to thank and point to the following who helped me through St. Michael's; my family and everyone who has looked out for me. But then again it's not nice to point so I'll be ending this.

Thank you St. Michael's!

JOHN SINOPOLI

Thanks to Fr. Enright for Grade 11 English class which I will never forget, and to Fr. Holmes, M. Nicholson and the "Ciccoria Pickers" "Chua" Mr. Guerriere, Mr. McCann, Mr. Quinn and the Green Council. I never forget, Handball tournament during 5th period, Rock Nite '93, Gree Week '94, the '92 Semi-Formal at Vill Colombo and, in the immortal words of Sergio Lia...."All I got to say is SA! FRANI!"

ROBERT SOJA

This past year at St. Michael's was a year to remember. The hockey was great and the school work was tough. I've never seen a school like St. Michael's, with such great school spirit, especially at Buzzer play off games. I'll always remember great times like the Michigan, Union and St. Lawrence Roadtrips. Thanks to the boys on the teams and at school for good times. To my family, I am forever grateful for their support and to Courtney for being Awesome.

JEFFREY SOMMER

"Goodness, discipline and knowledge," that is what my experience at St. Michael's has brought to me. I would be a different person had I not attended St. Mike's, I have been changed for the better. My life has been forever enriched through my experiences in these yellow halls. St. Michael's and the memories of my five years will always be engrained in my soul. Thanks Cec for all your support, I will always remember May 24, 1993. I'll be Blue 'til I'm through. Thanks St. Mike's. P.S. Skydome '92 was a blast!

ROBERT ST. PIERRE

5 years and 3000 Go-Train rides later the time has finally come to move on. The memories I have of St. Mike's will never be forgotten, especially Mr. Zanardo and the map incident (Gotcha), the Jack-O-Lantern confrontation, karate with Mr. Lewis, Calculator Corner, Grade 11 Gym and the infamous T-shirt brawl, and Skydome. So long to all the grads, students and teachers. P.S. Musselman, Alan Trammel is not going to the Hall of Fame. See ya!

PETER STEPONAITIS

God bless SMC!!! My five year term has been an adventure beyond the words of the most traveled bard Mr. McKernan's uplifting religion class (better than yuk yuk's), play practice till midnight, x-country, double deckers, baltic bashes, the "ralley", Model U.N., Abbey girls, snowballs, Being the Baker (and a drunk), Mr. Tessarro's chem lessons, Yarema's class naps, rock nite '93. ANDREW SUTTON

August 27 I left my family and girlfriend to come to St. Michael's to pursue my dream... a hockey scholarship. Through perseverance and dedication to the team and my dream, it came true. So next August when I leave for Michigan Tech knowing what I learned this year will make my journey a lot easier. I feel indebted to my family and Sue who are my #1 fans, and the Buzzers, who without them, none of this would have been possible.

Being an 8:30 to 1:40 student (except on Biscola tournament days), doesn't give me much to say about St. Mike's. Teachers have been almost entertaining at times and the hundreds of double lunches at Micky D's has made the five year sentence tolerable.

How would you list your memories of St. Mike's if they were too numerous to remember and seemed to pass by so quickly?

Some of the memories I'll never forget are: Puerto '94, Quebec '92, G-ball with out POWER lineup, 1-4-5 with Crisis, focus in French, Cartridge boy spending quarters on Tetris, taking the southpaw deep at wishing well, the yellow monster, and y^e park. Later St. Michael's!

"Big wheels keep on turning..."

5 years at St. Mike's and they're still going strong. One word sums up my S.M.C. career "Hockey". Memories...roadtrips, tourneys, spares, KISS concerts, camping, and of course "BENDERS". Thanks to those who have helped me along the way, Buzzers '92-'94, the boys, the Streetsville guys, my Brown Eyed Girl, and my parents. Remember "Go hard or go home", and "only the strong survive". Thanks S.M.C.

VITO TOMASICCHIO

While I walked through the halls of SMC in grade 9, I wondered if I would last 5 years and eventually graduate a winged M?

Great memories: Jr. A. Senators, SMC Hockey (Peterborough, Father Goetz, TDCAA Finals), Soccer, Jokes (Nizzo & Purpta), Ski Days

A lighter note: Room 214, Exams, Tests Special Thanks to all my teachers, especially Mr. Fifeild & Fr. McKinnon who believed in second chances.

I have just ventured through a great tradition by spending the past 5 yrs here at St. Mike's. It's been great but time has come to move on, and that I shall do, with great expectations.

Many thanks go out to all the boys and friends for all the great times and of course to St. Mike's for all the fond memories.

Good luck to all, till we meet again. Bye!

As I search for a practical application for the rotation of a conic section, I reflect upon what I have learned here at St. Mike's. I have learned two languages, tonnes of mathematical formulae, and everything you'd want to know about Shakespeare. I have been taught of great historical figures, of our beautiful Earth, and of the way of life. I have met many friends and have had good times. But what will I remember most? That it cost a lot!!

Having graced the halls of St Mike's under the aliases Zorba the Greek, Souvlaki & Tzatziki, I will always remember Mr. Nicholson's chichonne picking class, Fr. McKinnon's "movie days", Fr. FR. CULLEN CELEBRATES HIS GOLDEN JUBILEE OF PRIESTHOOD 1944-1994

FATHER BUD CULLEN C.S.B. M.Ed.

It is a rare occasion when one finds an individual who has dedicated fifty years of his life to his work. Such an individual is Father Cullen. Father Cullen celebrates his fiftieth anniversary in the priesthood this year.

Father Bud (John Leonard) Cullen was ordained to the priesthood in St. Basil's Church by James Cardinal McGuigan on August twentieth, 1944. He was professed as a Basilian on September ninth, 1937 in St. Basil's novitiate on Tweedsmuir Ave. (then called Kendal Ave.) upon the recommendation of his Novice Master Father Tighe C.S.B. His first appointment was to St. Michael's College School on Bay St. where he acted as Recreation Master and pursued his studies for a B.A. degree at the University of Toronto. He then joined the staff of the new St. Thomas High School on Memorial Drive in Houston, Texas in 1940.

Father Cullen returned to his teaching apostolate at St. Michael's in 1949 and was then transferred to The Aquinas Institute of Rochester where he was to be stationed for the next twenty-nine years. As head of the Art Department at Aquinas he introduced a greater variety of courses, "state of the art" equipment and made it possible for students in Art to earn a New York State Regents credit. It was also at Aquinas that he revived a defunct dramatics program and from 1950 to 1979 produced over 60 plays and musicals. It is notable that many of these were premiere amateur productions in Rochester among them being: Oklahoma!, Annie Get Your Gun, Kiss Me Kate, Teahouse of the August Moon, Finian's Rainbow, Half-A-Six-Pence, The Music Man, and My Fair Lady. By 1979, he was teaching at Michael Power High School on Islington. He joined the English and Art department where he stayed for five years before joining the staff of St. Michael's College School.

At St. Michael's up to the present time, he is teaching Art, specialising in the areas of calligraphy, silk screen printing, and ceramics and also for the past ten years, he has been moderator of the school yearbook which enables him to practice his skills in photography and computerized publishing.

For fifty years Father Cullen has dedicated his life as a priest to his spiritual flock, as a teacher and counsellor to his students, as an artist, and as a faithful member of the Church serving the Lord. Not many can profess to this list of achievements. May God send his graces and virtues to Father Cullen so he may continue with his work, a blessing for us all.

VALEDICTORY ADDRESS

Flavio Volpe

MASTER OF CEREMONIES
Mr. Dan Prendergast

Good afternoon proud parents and families. St. Michael's School staff, and, my distinguished graduating classmates. I stand before you today with the special honour bestowed upon me by my classmates - the honour to represent them at the Graduation as their Valedictorian.

In that capacity, it is a privilege for me to present to you the 1994 St. Michael's College School Graduating Class. Behold these young men; your sons and brothers, our students and athletes. Now I present them to you as the foundation stones of our future.

This class has followed the pattern of a rich tradition. It has learned how sheer grit and determination and the passion for excellence overcomes all of life's obstacles. St. Mike's has shown to us the faces of success, the ability to be proud yet humble, to be successful, yet, unassuming. These are but a few of the lessons, the legacy that our predecessors, the St. Michael's Old Boys, have left for all of us. As a class we have absorbed these lessons, crossing the 't' in 'Saint' and dotting in 't' in 'Michael'.

The young men before you wear the name St. Michael's with pride, a pride that can only be achieved with the spirit instilled at the beginning of a five year mission. They have shown that spirit outside the classroom as well, whether it was after school serving at the Good Shepherd Refuge, Saturday morning at the St. Mike's Basketball Tournament, lunchtime on Meals on Wheels, the long nights with the Italian Club, or the Baseball and Football teams, the Debating Society and the Green Council.

Some of you will note with warm contentment that this is in keeping with precepts of our faith, the calling of Jesus Christ and the teaching of his gospels.

Through them we all find our personal missions, each discerned from the greater context of the mission of the Church as a whole. And, within this central mission, through the pursuits of knowledge and ultimately our attainments of wisdom, we then create our own diversity.

It is in our collective diversity that we graduates were fortunate enough to share the same classrooms, study the same texts and attend the same school. Gradually, these my talented peers, shaped a union, one of both spirit and knowledge.

In that union, and irrespective of natural abilities, each and every one of us has made a commitment to use our talents and abilities to aid in the greatest imperative: to live our lives in keeping with the spirit of our school, being successful yet virtuous. My friends, together we fought: together we struggled; together, today, we triumph.

Parents, look now at your teenaged sons as they embark on their individual roads to life. I ask you all to look into the eyes of the graduates before you and forge into your minds, into your hearts, the images of these fresh, determined young men. Your lives, our lives and the lives of many yet undetermined people will be enhanced by, and in many cases, dependant upon the proficiency, competency and good will of the achievements of my classmates.

Graduates, look at each other, for tomorrow that same classmate will become a face recognized not only by his friends, but by the world; because St. Mike's boys breathe the tradition of achievement: engineers, neurosurgeons, missionaries, lawyers, skilled labourers, teachers and architects. I am confident that the only thing standing between this class and those titles is time. We need patience to endure it, the will to succeed and the support of each and every one of us can offer the other.

As I leave this school today, I leave you as a typical St. Mike's graduate, one who has developed and matured alongside his peers. Together we are now ready to apply these same achievements to raise ourselves to the highest levels of productivity. With the support of family, friends and teachers, and the examples set by my peers, I know that one day, when I return to this school, assembled perhaps with this, my graduating class, I will find evidence that what I see as a fresh faced eighteen year old will be true: specifically, that there is no man more willing, more determined, no man with more grit, no man whose pride wears the snit of humility like a St. Michael's man, the men of the Double Blue.

With this thought then, and on behalf of this year's graduating class, I wish to thank the Basilian fathers whose vocation created such a school, our parents who dedicated their lives and patience so that we might be raised under the best of circumstances; our teachers who have given us guidance and taught us discipline and our friends who hailed us in times of glory and encouraged us in moments of despondency. Our success is a product of their continuing help. With that and the help of God's grace, we will continue to find ongoing success on the road paved for us by the fathers of St. Michael's

May God bless you all, and thank you.

BRIGADOON

*Once in the highlands, the highlands
of Scotland, deep in the night of the
murky grey. There in the highlands,
the highlands of Scotland, two weary
hunters, lost their way....*

And so begins Brigadoon...

In April of 1994, the St. Michael's
College School Drama Depart-
ment presented the musical,
Brigadoon under the directorship
of Fr. Robert McKinnon and Mr.
Otino Corsano.

All who saw the musical were
touched by the production, in
awe of the beautiful sets and
dazzled with the Scottish
costumes. The four-run
production went smoothly
without a hitch and was praised
by many. The acting and singing
were top notch and the dances
(choreographed by Maureen
McKenna) were lively and
brilliant. The St. Michael's
Drama Society had presented
another musical with success and
professionalism.

OUR TOWN

Under the professional directing of Fr. Robert McKinnon C.S.B., the St. Michael's College School Drama Society successfully put on the production of "Our Town".

"Our Town" is a three act play by Thornton Wilder. In the first act, the stage manager (played by Patrick Douglas), outlines the history of the town, which is Grover's Corners, New Hampshire, and something of the character of its' citizens. Then, he carries the audience into the houses of the Gibbs and Webb families, substantial homes containing substantial folks. The audience arrives at breakfast time and are carried through one entire day in the lives of these good people.

The second act concerns the love affair between young George Gibbs and little Emily Webb, and this culminates in a moving wedding scene.

In the third act, we are led to the cemetery on the hill, where many of the dead townspeople are patiently and smilingly awaiting not

"judgement" but greater understanding. Into their midst is led the bride, a little timid at first, and wishful to go back to life, to live again with her memories. But she is shown how impossible, how futile it is to return. The past cannot be re-lived. Truth is to be found only in the future.

The director, Fr. R. McKinnon, and the assistant director Mr. O. Corsano, together dedicated much of their free time going over every line with the cast, every cue with the stage crew and every inch of the text in order to ensure a professional and touching performance. On the nights of the 19th, 20th and the afternoon of the 21st of November 1993, their efforts

were rewarded with excellent shows that went without a hitch.

To quote Fr. McKinnon, "There is something about the play "Our Town" that just works." However, Fr. McKinnon and Mr. Corsano didn't just make the play work, but managed to make it sing and touch the hearts of everyone that was present, including the actors.

Teach me, Lord, the meaning of
your laws,
and I will obey them at all
times.
Explain your law to me, and I
obey it;
I will keep it with all my heart.
Keep me obedient to your
commandments,
because in them I find
happiness.
Give me the desire to obey your
laws
rather than to get rich.

I lie defeated in the dust;
revive me, as you have
promised.
I confessed all I have done, and
you answered me;
teach me your ways.
Help me to understand your
laws,
and I will meditate on your
wonderful teachings.
I am overcome by sorrow;
strengthen me, as you have
promised.

KERRY BLUES

The 1993 Senior Kerry Blues were off to a great 4-0 start. The biggest game of the regular season was a 35-15 win over arch rival Michael Power Trojans. The Kerry Blues' strength this season is found in the offensive backfield with the return of third year running back Sean Musselman and Rocco Piccinino and second year quarterback Kerry Jackson. The team won their first game against Henry Carr and defeated Father John Redmond in the league finals, capturing the T.D.C.A.A. title for the fourth year running. The achievement of the Kerry Blues did not stop there. The team was victorious against Pickering Secondary and Central Tech proving once again that SMC has one of the best football programs in the greater Toronto area. The Kerry Blues advanced impressively to the Metro Bowl finals where they fell short of a win against St. Pat's of Sarnia. Undoubtedly, this will be a season to remember for the players, coaches, and the entire student body in the years to come.

SENIOR

BLUE RAIDERS

The 1993-1994 edition of the Senior Blue had another successful season, bowing-out in the semifinals of the T.D.C.A.A. to eventual league champion Mother Teresa Titans. Along the way, a 10-3 regular season record, a 2-1 play-off record and a 19-9 exhibition and tournament record resulted in a memorable year. Three tournament championships; Notre Dame in Welland, Bishop Ryan in Hamilton, and the Father Troy Classic in Edmonton, Alberta along with being finalists in the Chaminade Invitational highlighted the seven tournaments the Senior Blue Raiders entered this year. Given that all the starters will be returning and a strong bench waiting in the wings, the future of the Blue Raider program will continue to be bright. This year's graduating seniors are Carl Riley, Sal Barbara, and Steve Breda.

THE TRADITION LIVES ON: THE OLYMPICS AND THE N.H.L.

David Harlock has become the 131st St. Michael's player to play in the N.H.L. He played for the Buzzers championship team of 1988-89 and then received a hockey scholarship to the University of Michigan where he was captain for 3 years. He signed with the Toronto Maple Leaf in the fall of 1993. His country called and he joined the Olympics program and helped Canada to win a silver medal at this year's Winter Olympics. He joins Eric Lindros, Jason Wooley and Sean Burke as former Buzzers to play for the Canadian Olympic team. David played his first N.H.L. game for the Leafs on March 2nd against the Dallas Stars.

It should be noted that along with David Harlock, there were 2 other former Buzzers who played for other countries in the recent Winter Olympics. Ken Strong played for the Buzzers in the 1978-79 season and spent some time with the Toronto Maple Leafs before playing in Europe. He was on the Austrian Olympic team. Mike Rosati played for the Buzzers in 1985-86. He was also a student at S.M.C. for 4 years. Although he was drafted by the New York Rangers, he has played in Italy for the past several years and represented that country in the recent Olympics.

We set out with some simple sketches, many erasers and layout sheets, some photographic film, and a couple of cameras. Destination: The Tower Yearbook 1994. Our journey was a long and difficult one, a journey not taken or known by many students. We had to overcome treacherous deadlines, utilize fickle computer programs, inhale noxious fumes of darkroom chemicals, and breathe the left over aromas and stale air of St. Clare House.

Our journey took us from autumn weather of September, throughout the frosty winter months, up to the summer heat of June. It took hard work, dedication, commitment, discipline, endurance, and above all, co-operation. Yes, it was a difficult journey yet we survived. We have returned now, from our crusade, with the treasure in your hands, your 1994 yearbook.

The book was published for you, the students, staff, priests, parents, and alumni members of the St. Michael's community. What makes this book a success is not the fancy designs or good photos that are in it, but the photos of you! You are a reflection of the greatness that St. Mike's is known for. It is your joys, your sorrows, your work, your play, that are captured in the Tower, and all this gives it meaning. You are the members of the Tower tradition.

We would like to honour those who made a special effort in the completion of this year's yearbook. The direction of the Tower Yearbook has been under the care of Father Cullen for the past few years. There are no words to express thanks to Father Cullen for all the hours of work and dedication he has put into this activity over the years while at the same time balancing his teaching schedule and his priestly duties with his yearbook hours. We all owe a special debt of gratitude to Father Cullen for his deep commitment to the production of our yearbook. Also, from the Art Department, Mr. Otino Corsano was a tremendous help to the entire yearbook staff. His willingness to help and advise us should not go unnoticed. His talented artwork and drawings are featured many times in the book on such pages as the Musical and Festa.

It is not always easy for us to get complete coverage of all school events especially with such a small staff. For this reason, we would like to thank certain staff members for their help in the photography department, namely, Mr. Dan Nicholson, Father Zinger, and Mr. Ian Thompson. Thank for your time and co-operation throughout the year. Special thanks also go out to Cathy DiNunzio, Erica McKerall and, Mary Jane Irving, our school secretaries for all their help in the office. Finally, we would like to thank Friesen Yearbooks, our yearbook publishers and our company representative Trina Wicks for their assistance in making the year another success for the Tower. Our journey with the Tower has now ended. It is full of pleasant memories for us as it is for you. May the flames of inspiration and perseverance of the Tower continue to burn brightly in the years to come.

St. Michael's seeks expansion - new century to see our school meeting the challenges of the new age.

ST. MIKE'S IN THE FUTURE...

St. Michael's is preparing to enter the twenty first century. The necessity of change and development is not new for this community. St. Mike's has had to change radically and to adjust its mode of operation many times since it was founded in the nineteenth century.

The school had its start in 1852 in temporary quarters at 38 Queen Street East under the title of St. Mary's Minor Seminary. In 1853 it moved to the rectory or St. Michael's Cathedral and obtained the name St. Michael's. By the year 1856, the school had outgrown the cathedral rectory and moved to Clover Hill, Bay and St. Joseph's Streets. In 1950, the school moved to its present location.

Anne Racco and Max Ciccolini present Father Foy with a \$25 000 cheque part of the proceeds of Parent Club sponsored activities. This cheque will be used to purchase new powerful computers for the students' classes.

Membership in the PARENTS' GUILD open to all parents and guardians of St. Michael's students. Its main function is to assist parents in their role as prime educators of their children. This objective is accomplished through their frequent meetings with teachers and their open forums on current educational questions.

Over the years the school has had to adjust itself to the mechanical age and later to the objectives and methodologies of public education.

The 1950 building is now forty four years old. Modern buildings codes insist that it must be updated. Classrooms must be built and sections of the building renovated to house new programs and to accommodate new technologies. During the next four years, the alumni and those foundations and individuals interested in the education offered here at St. Michael's will be asked to contribute to the school's Building Fund.

Mr. Michael Duffy, the president of the Building Fund, is seeking the assistance of the alumni to staff the various offices of the fund. In the past the graduates of St. Michael's have come forward to assist the school as it adjusted to the new ages. It is now our turn. We who have profited from a St. Michael's education can now repay our debt to our school. St. Michael's looks forward to another hundred years of educating the young.

MICHAEL VESIA
THE PRESIDENT

From the various clubs sponsored by our school it is the St. Michael's Student Council which is often taken for granted. The Student Council serves as a life line or as a channel of communication between the administration and the student body. The Student Council embodies the characteristics of leadership, service, initiative, and the promotion of school spirit. Throughout the year the council members engaged in discussions with the administration that would affect your academic, social, athletic, and spiritual spheres.

This year's council effected a harmonious union between student demands and faculty restrictions. Their record speaks for itself as we look back over the year. This year's council members are true gentlemen and

embody the spirit of St. Michael's. They displayed qualities of leadership and dedication and sincerely worked towards the betterment of the school in what is often a thankless job. We especially commend this year's president **Mike Vesia**, and fellow officers **John Liut**, **Adam Borgatti**, and **Michael Marley** all of whom are graduating this year. The school thanks you, the administration thanks you, and the graduates thank you for your outstanding job. One must also distinguish their moderator **Mr. Narducci**, who over the years has been involved with the successes of previous student councils. May next year's council show as much enthusiasm, perseverance, and loyalty as the 1993 - 1994 council.

THE DEBAT

Front Row (L. to R.): Claudio Aragon, Frank Scali, Greg Leung, Mark D'Souza, Douglas Ng, Guillem Gonzalez-Lomas. Back Row (L. to R.): Nick Vozoris, Alvin Fan, Steve Ancic, James Leoniak, Anthony DiBatista, Bruno Bratti, Mr. Quinn, Dilip Andrade, Shawn Richard, Eric Normalm, Rod Piroli, John Naughton, Jason D'Cruz.

Debating is a form of art. Though it cannot be visibly appreciated as a painting or sculpture can be, though it is rarely as melodious as a symphony, it is nonetheless an art form. When properly executed a debate is the exchange of differing ideas, using the natural and learned talents of rhetoric, logic and persuasiveness. Thus the purpose of the St. Michael's Debating Society is not to win, though we did, but instead to teach St. Michael's College School students the proper use of debating techniques.

Our winning record this past year is tangible proof of the ability of the St. Michael's student to out perform other schools. Over the past year St. Michael's participate in several leagues and tournament, and throughout showed skill, dedication, perseverance, and ability. The year started with a first place team finish at the St. Clement's Impromptu tournament, coupled with Guillem Gonzalez-Lomas' first place individual score. Rapidly St. Michael's showed it's prowess by setting off on what was a very successful season in the Pro-Con Forum, at the end of the regular season the Novices were in second place (12-6) and would eventually win the division championship, the Juniors were tied for first (16-2), and the seniors had an outstanding year finishing first (17-1) a mere one win away from tying a league record, set three years previously by another St. Michael's team.

In the University of Ottawa Tournament, Jason D'Cruz and Guillem Gonzalez-Lomas placed sixth as a team, while Dilip Andrade and Nick Vozoris finished second as a team, with both pairs winning all their matches. Individually Nick Vozoris was in third place, while Dilip Andrade was ranked first in the public speaking competition. The year was capped off by Nick Vozoris' strong showing in the Provincial Finals held in Aurora.

The success of these teams and individuals is a fine monument to the strength that this team has shown over its history, and the graduating members have added greatly to the legacy that was left to them. It is this legacy that provided the debaters with the inspiration that they required.

A great deal of gratitude is owed to moderators, Mr. Quinn, Mrs. Morra, and Sr. Frances McKenna for their dedication and helpful insights.

And people say debating isn't tiring

LE CLUB

Il y a peut-être beaucoup de gens qui ne savent pas qu'il y a un club pour les étudiants qui aiment parler français. Des annonces en français disent que le Club se réunit après les classes presque chaque mardi. Pendant ces réunions, les membres apprennent plus au sujet de la culture française. Nous avons vu des films français à l'école et au cinéma. Nous avons écouté une présentation sur Nice. Pendant le Mardi Gras, nous avons préparé des crêpes. Le grand projet de l'année est de tourner un film français. Nous remercions Mme McDougall, la modératrice du Club.

SAINT MICHAEL'S

THE CONCERT BAND PLAYS WITH BOSS BRASS

The Concert Band continued to increase the already prestigious reputation of the music department by being the very first Secondary School Band to perform at the new North York Performing Arts Center in its inaugural year. The band was invited to participate in a concert with the world famous Boss Brass representing the secondary school music programs of the greater Toronto area. Members of the band also travelled to Florida and the Bahamas for this year's March Break Band trip. Again, the band received many compliments on their performance and gentlemanly behaviour.

1993 - 1994

THE MARK OF GREATNESS

One person of the Music department that has spent many hours with the St. Michael's Concert, Stage, Intermediate, and Junior Bands is Mr. John B. Guerriere. His dedication to music is an inspiration to all who have had the privilege of working with him, and his angelic trumpet playing is an enlightening experience to all who have had the pleasure of hearing his trumpet playing. For this reason, Michael Lee-Poy organized, for the Music Department, a gift to honour Mr. Guerriere during the Christmas Concert—a special water colour painting

by Michael Lee-Poy, of a trumpet with roses, set in a beautiful frame with gold foil. The dedication on the back which was signed by all the music students, read:

*To Mr. John B. Guerriere
in appreciation of your dedication
and devotion to
the students in the St. Michael's
College School Music Department*

Although Mr. Guerriere is retired, he still generously volunteers his time to the Music Department. He is truly an inspiration to all.

*"Mr. John B.
in appreciation of
and devotion
the students in the
College School"*

MUSIC DEPARTMENT

THE END OF THE BEGINNING

This year marked the end of the beginning. The Spring Concert in 1994 marked the end of the first five years of Mr. Pietrkiewicz's teaching career at St. Michael's College School. The first graduating class under Mr. Pietrkiewicz's tutelage presented him with a special commemorative plaque, a musical quote, (designed by Michael Lee-Poy), with a gold foil musical note, signed by the 1994 OAC graduating Music Class, and a photo album containing photos of the first five years of Mr. Pietrkiewicz's teaching career at St. Michael's. The 1994 OAC Music Class would like to wish Mr. Pietrkiewicz, Mr. Oatt, and the St.

Michael's Music Department continued success.

STAGE BAND CAPTURES GOLD & SILVER!

The Stage Band surpassed all expectations this year by receiving a "Gold" standing in the Regional Festival of Musicfest Canada, and an invitation to perform at the National Finals where they received a "Silver" standing. Many thanks to their new conductor, Mr. James Oatt, who worked with them throughout the year to achieve the great successes of 1993-94. The success of the Stage Band is representative of Mr. Oatt's professionalism and dedication to his work. He is highly respected by all members of the band and epitomizes the word conductor. REACH FOR THE TOP

Senior Blue Lights

This year, our Reach For The Top teams have once again proven that they are among both the city's and province's finest.

The juniors, after having completed a 12 win 0 loss season, easily captured the Metro championship title.

Meanwhile, the seniors who compiled a 17 win 1 loss record during the regular season, captured the Metro championship title and as a result, were invited to the provincial playoffs in London, Ontario. While there, the senior team competed with 34 of the best teams in the province and placed 8th, a position which enabled them to advance to the televised quarter-final round. Despite a 330-280 loss to Bell High School of Ottawa, the season was a great success which promoted the good name of St Michael's throughout both city and province.

Congratulations to all team members and moderator Mrs. Pat Boland for a job well done!

Our Chaplaincy program is directed by Father Rocco Volpe C.S.B. assisted by Sister Susan Moran O.L.M. Under their direction, St. Michael's students participate in a great variety of charitable activities. The St. Michael's outreach programs extend to delivering Meals on Wheels, serving at the Good Shepherd Refuge, and catechising in grade schools.

Sister Susan, working with St. Michael students has an outstanding mission to the

needy of Toronto. This program feeds the needy and supplies clothing and other necessities. Each Saturday during the winter months, our students and Sister Susan fulfill the words of Our Lord...

*"For I was hungry and you gave me food;
I was thirsty and you gave me drink;
I was a stranger and you gave me welcome;
Naked, and you clothed me..."*
